## CAPITAL CITY "HASH."

By Johnny-Get-Your-Gun.

Frankfort is neither proud nor princely in its individual possessions or boasting. It has no long line of titled lords, nor steel-braced pinnacles called "skyscrapers." Its people are cosmopolitan in taste—sympathetic in things good and bad—and are indifferent generally as to whether there is any law for the wicked or salvation for the righteous. And yet, Frankfort, whilst not breaking its collar button in the attempt to be aristocratic and a "kick-above" the balance, has evidences that it is not "dead broke," or even fairly well-to-do in such selection from the "400" as Col. Geo. F. Berry, the Thomases, Jas. H. Graham, L. Labrot, C. E. Hoge, the Hendricks, Mrs. R. P. Pepper, Gen. D. W. Lindsey, Dr. V. A. Kaltenbrun, the Browns, the Weitzels, and others.

A "Blind Tiger" is so-called because the State, city and county officers shut their eyes, and say they "can't see it." The liquor it sells on the sly is fierce and tigerish. It pays no license to anything except Uncle Sam. It knows Uncle Sam can neither be bought, persuaded, nor intimidated. There are over 2,000 blind tigers in Kentucky, but the local officers can not find them. In fact, they don't want to—much.

Frankfort owns two-thirds or three-fifths of the assessed wealth, and has one-half of the population of Franklin county, and yet how strange that the jury commissioners seldom find competent material for jurymen among residents of the city. The county alone seems to possess citizens of intelligence and character fit to sit on juries. This seems to be the opinion of the jury commissioners.

What a silly "fad" that is that puts the girls on the streets in bare arms and with bare heads. Their beautiful arms get blistered by the sun and become brown as oak-tanned leather, whilst the glossy, soft hair becomes filled with dirt from the streets. The clouds of dust raised by the wind or vehicles settles in the hair and the frequent washings to remove it takes out all the natural oil and promotes bald headed men. Our girls will be baldheaded before they are round the turn at forty, and what man wants a dark brown arm to encircle his neck?

Think of Dr. Shoop's Catarrh Cure if your nose and throat discharge—if your breath is foul or feverish. This white soothing balm contains Oil of Eucalyptus, Thymol, Menthol, etc., incorporated into an imported, cream-like, velvety petroleum. It soothes, heals, purifies, controls. Call at our store for free trial box. Sold by all druggists.

## BADLY HURT.

Mr. Wm. Steel, an employee of Mr. W. M. Perkins, was badly hurt, on Monday afternoon, by being thrown from a wagon he was driving in the railroad yards. It seems that the wheels caught in the track and Mr. Steel was thrown across another track, breaking his left wrist, cutting a

long gash on his forehead, breaking his nose and otherwise bruising him up.

A surgeon was at once summoned who attended to Mr. Steel's injuries, and he is doing as well as could be expected.

If all dyspepsia sufferers knew what Dr. Shoop's Restorative would do for them, Dyspepsia would practically be a disease of the past. Dr. Shoop's Restorative reaches stomach troubles by its direct tonic action upon the inside nerves—the true stomach nerves. Stomach distress or weakness, fullness, bloating, belching, etc. Call for the Restorative. We recommend and sell Dr. Shoop's Restorative. Sold by all dealers.

## COUNTRY SHOOTING.

Late Saturday afternoon Squire Ed. Sheets and Mr. Wm. Aldrich, in the Bald Knob neighborhood, became involved in a difficulty, in the course of which Aldrich was shot four times, none of the wounds, however, being serious.

It is claimed as a case of self-defense.

## IF YOU TRY

Father William's Indian Herb Tea, or Herb Tablets, and do not find them the best medicine you have used for Constipation, Liver, Sick Kidneys, Sour Stomach, Sick Headache, Neuralgia, Dyspepsia, Indigestion, Malaria, Dizziness and Bad Breath, we will refund the money.

They work day and night and you get up in the morning feeling like a new person.

Try them: 20 cents. Tea or Tablets. For sale by Frankfort Drug Co.

## MINUTES OF FRANKLIN BAPTIST ASSOCIATION.

The minutes of the late meeting of Franklin Baptist Association have been printed and are now ready for delivery to the Clerks of the different churches comprising the body.

By calling at the Roundabout Office they will be furnished the quota of their churches.

## TORTURE BY SAVAGES.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the kidneys," says W. M. Sherman, of Cushing, Me., "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me."

Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by all druggists. Price 50c.

## COLORED FAIR.

The Colored Fair Association held its first fair in this city last week, closing on Saturday evening. It was very successful in every way. Large crowds attended each day, and the display of stock was unusually good.

A commendable thing which was generally noticed, was the absence of drunkenness and disorder among the crowds attending.

This is a move in the right direction and should meet with encouragement from everybody.

We hope that the finances will be found in such shape that the fair may be given each year hereafter.

## GRATIFYING REPORT.

The Conference year of the Methodist Church closed on Sunday last, and we are gratified in being able to say that the local church finds itself in better shape, both spiritually and financially, than for a long time. There has been decided growth along all spiritual lines and in numbers. Financially the year closed with all claims fully met and a balance in the treasury for the first time in many years.

This good work is largely the result of the faithful, consecrated and earnest labors of Rev. J. C. A. Vaughn, the pastor.

We voice the sentiment of the whole community when we say that it is hoped Mr. Vaughn will be returned to this charge for another year, by the Conference now in session at Winchester.

## OUTSIDE AND INSIDE.

A bath cleanses the skin and rids the pores of refuse. A bath makes for better fellowship and citizenship. Not only should the outside of the body be cleansed, but occasional use of a laxative or cathartic opens the bowels and clears the system of effete matter. Best for this are DeWitt's Little Early Risers. Pleasant little pills that do not gripe or sicken. Sold by J. W. Gayle.

## THANKS.

Mr. Church Dennis has placed us under obligations for a basket of luscious pawpaws, the largest and finest of the season. In fact, it has been many years since we have seen as fine ones as these were.

We desire to return our thanks to Mr. Dennis for his courtesy.

Mr. W. C. Bryant has also placed the Roundabout force under obligations for a sack full of this delightful fruit. They were large, ripe and unusually good.

Mr. Bryant will please accept thanks.

## A LIVELY TUSSLE

With that old enemy of the race, Constipation, often ends in Appendicitis. To avoid all serious trouble with Stomach, Liver and Bowels, take Dr. King's New Life Pills. They perfectly regulate these organs, without pain or discomfort. 25¢ at all druggists.

## KENTUCKY HISTORICAL SOCIETY REGISTER.

We have been placed under obligations to Mrs. Jennie C. Morris, Editor of the Kentucky Historical Register, for a copy of the September issue of that magazine. It is full of well-written, and well digested matter, reflecting credit upon its fair editor.

We return our thanks for the consideration shown.

Rheumatism is not incurable. Stubborn? Yes! But Dr. Shoop's Rheumatic Remedy will, if faithfully used, drive it out of the system. It's the blood that's at fault. Poisonous crystals like sand get into the joints and muscles. Dr. Shoop's Rheumatic Remedy prevents this. It drives Rheumatism from the blood and then Rheumatism dies. We recommend and sell it. Sold by all druggists.

## WANTED.

## GREAT THOROUGHBRED SHOW.

A special catalog for the thoroughbred department has been issued by the management of the Bluegrass Fair. The thoroughbred show will be the great feature of Saturday, September 22, the closing day of the fair. More than five thousand dollars is offered in premiums and the largest and best display of thoroughbred horses ever held in the world is assured. The owners of all the large stock farms in the vicinity of Lexington have consented to display their valuable stallions, some of them horses for which more than \$100,000 has been recently paid. It is well within the bounds of expectation to predict that visitors to the Bluegrass Fair on the day of the thoroughbred show will see more than two million dollars worth of horse flesh. The catalogs for this department are convenient in size and consist in the information given. They can be had upon application to Jouett House, director in charge of the thoroughbred department, Lexington, Ky.

Mr. Hugh Darlington, formerly of this city, was killed by being thrown from the cowcatcher of an engine, in the L. & N. yards, in Louisville, on Wednesday. It seems that two trains were being switched, when one of them struck on the side of a car, at the entrance to a switch, which caused such a jar as to throw Darlington under the wheels.

## LEPROSY IS CURABLE.

Washington, Sept. 13.—After displaying rare heroism by the devotion of a lifetime to a study of leprosy, Eugene E. Plumacher, American Consul at Maracabio, Venezuela, has decided that the dread malady is not contagious, but is hereditary to a degree not reached in any other disease. He has made an exhaustive report to the State Department, telling of his personal attendance upon lepers afflicted in the most revolting form. His report indicates that leprosy is curable, but there is little hope in Venezuela or other Latin-American leper colonies, where nutritious foods are expensive and drugs rarely ever provided.

Dr. Plumacher was appointed to Maracabio in 1878, where, in conjunction with his duties as Consul, he constantly observed leper cases and their treatment and where he experimented in no small way. In this he has had the benefit of correspondence with the most advanced scientists of the United States and Europe and it was through his efforts that the "tua-tua" plant used in treating the disease, is now planted in all countries which have leper stations. At the request of these scientists Dr. Plumacher took many photographs of lepers, personally removing the bandages of the afflicted, that the best results might be attained. He was allowed to visit secretly many lepers in Maracabio, concealed by their families to avoid being sent in perpetual banishment to the island.

Using a secret which he obtained through Dr. S. S. Bothwell, now Marshal of the Supreme Court of Porto Rico, he experimented with it on these private cases. Ten lepers were given into his special charge. These cases embraced both classes of the disease, the dry class, where extremities become calicenized, so that fingers and toes may be broken off without pain to the patients, and the other class, known as wet, or soft, leprosy, where every part becomes putri-

fied and rots away, leaving at last nothing but a trunk of a human being. His reports point out that the treatment produced much good results, but that the lack of proper food made absolute cure impossible.

Dr. Plumacher says in his report that as he was successful and full of hope for continued good results, he concluded that he would rather drop the society of his friends of the foreign colony than to abandon the lepers. Though he observed minute care to avoid any danger from contagion, he suffered a most horrifying experience in attending a boy patient at the leprosy institution, and a few days after the incident small sores appeared on his hands, but after some months these dried up, although discolored marks remained.

FRANKFORT, SEPT. 15, 1906

DECLINED TO ACCEPT.

Rev. Dr. M. B. Adams was recently elected by the Foreign Mission Board of the Southern Baptist Convention as Secretary of the Educational Department of that Board, with headquarters at Richmond, Va.

Dr. Adams was urged, by a number of the most prominent members of the Baptist Church in the South, to accept the position, which carried with it a salary of \$2,500 and other considerations.

After mature deliberation, he has declined to accept the position and determined to remain at the head of the large church in this city, of which he has been pastor for about eight years. He considers this field one of the most important and promising in the denomination and in the State. The church now has 702 members and has been largely increased in numbers and in contributions since Dr. Adams became the pastor. He is one of the most consecrated, ablest and most brilliant of the long line of young ministers of that denomination in Kentucky.

Dr. Adams has also declined to accept a call to the Georgetown Baptist Church, which is a very important field, as it has attached to its congregation the students of Georgetown College.

The many friends of this sturdy and fearless young preacher are rejoicing to know that he will remain in this city.

Mr. Geo. A. Lewis, of this city, as proxy of the Grand Master, conducted the ceremonies, and Rev. Chas. R. Hudson, of this city, delivered the address. Frankfort and Versailles Commanders acted as an escort to the Grand Lodge, and every

## Excess

Of Smoking Affected My Heart

So I Had To Sit Up To Breathe.

Dr. Miles' Heart Cure Cured Me.

There is nothing that has a more deleterious effect upon the cardiac or heart nerves than excessive use of tobacco. Pain and discomfort in the heart, oppression and feeling in the chest, choking sensation in the throat, discomfort from sleeping on the left side and smothering spells at night when the sufferer is in bed, are in my opinion, the most common symptoms of a weak heart. Smokers who feel these symptoms and who do not improve, should consult Dr. Miles in time, by the following experience:

"I was greatly troubled with an affection of the heart, due I think to excessive smoking. On writing to you for advice, the directions you gave me were included. Dr. Miles' Heart Cure, Dr. Miles' Nervine and Nerve and Liver Pills, together with Dr. Miles' Cough Remedy, were the directions given, and am pleased to say that my cure is complete and permanent. Before beginning the use of your remedies I was in great pain, especially in the heart, and still suffered greatly from severe pains around the heart. Many times at night I would be forced to assume a sitting posture to get relief, and for the time being it would seem as though my heart had stopped beating. From the splendid results achieved in my case, I can strongly recommend Dr. Miles' Heart Cure, Restorative Nervine and other remedies to all sufferers from heart or nervous troubles."—Yours truly, EUGEN HALL, D.M.D.

### SOLDIER BOYS RETURN HOME.

About 11:30 on Saturday morning the local companies of Kentucky National Guards returned from the Henderson encampment, where they had been for some ten days or two weeks.

Battery A, Capt. C. W. Longmire, and signal corps, Capt. H. B. Donaldson, commanding, headed by the Second Regiment band, marched to the armory, on Main street, where they were disbanded.

The boys presented a soldierly appearance, being browned and healthy looking.

### NOMINATIONS FOR CONGRESS.

The Republicans of the 7th Congressional District met at Lexington, on Saturday, and nominated Hon. J. W. Calvert, of Oldham county, as their candidate for Congress.

The Republicans of the Sixth Congressional District met at Covington, on Monday, and nominated Hon. W. F. Schuerman, at present mayor of Carrollton, as their candidate for Congress.

### SUICIDE.

On Tuesday evening, Mr. Curt Sacra, son of Mr. W. T. Sacra, of this county, committed suicide by jumping from the Benson bridge into that creek. The body was recovered in about an hour. Sacra was despondent and remarked to a friend, just as they reached the center of the bridge, "Well, here goes!" and in spite of all the friend could do, jumped over the railing.

Sacra leaves a young wife, father, mother, sister and brother to mourn his rash act.

Coroner Graham held an inquest, the jury returning a verdict in accord with the facts.

### TWELFTH ANNUAL CONVENTION JUNIOR ORDER AMERICAN MECHANICS.

The twelfth annual convention of the Junior Order of American Mechanics met in this city, on Tuesday morning, in the Hall of the House of Representatives. Delegates to the number of about 300 marched from the headquarters at the Capitol Hotel, headed by the Second Regiment Band to the hall, at 10 o'clock a.m.

Rev. J. O. A. Vaughn, of the Methodist Church, made the invocation. Rev. Chas. R. Hudson, of the Christian Church, delivered a beautiful and appropriate address of welcome, which was followed by an address from Col. T. Hite Crockett, sparkling with wit and fun. Mayor E. E. Hume, welcomed the Convention in behalf of the city. Col. W. S. Dehoney also welcomed the delegates in behalf of the other fraternal orders of the city.

State Councillor R. D. Hardy, of Dayton, responded to the several addresses in behalf of the Convention, in stirring and appropriate language.

The Convention transacted a large amount of business, the reports showing very gratifying evidences of progress among all lines, the net gain in membership being 2,650 for the year.

Middlesboro was selected as the place of meeting for next year.

The following officers were elected for the ensuing term:

State Councillor—J. H. Detton, of Covington.

State Vice Councillor—J. H. Hambrick, of Louisville.

State Council Treasurer—L. W. Phillips, of Covington.

State Council Secretary—M. C. Bane, of Vanceburg.

State Council Conductor—R. G. Housson, of Dry Ridge.

State Council Warden—Logan Chapman, of Monica.

State Council Inside Sentinel—Albert Buch, of Bromley.

State Council Outside Sentinel—W. C. Turner, of Middlesboro.

State Council Chaplain—John T. Stamper, of Barbourville.

Representatives National Council—(4 years)—R. D. Harding, of Dayton, and H. C. Dumont, of Newport; (2 years)—Chas. Stelmer, Jr., of Newport, and Theo. J. Rehm, of Louisville.

The Convention gave expression to their gratification at the manner in which they had been entertained, and especially to the ladies of the Daughters of America (auxiliary order) and to the committee of arrangements, consisting of Messrs. W. B. Cheenowith, E. E. Rosser and M. B. Pollock, of this city.

A parade, composed of all the members of the Order in the city, marched through the principal streets of the city, on Wednesday night, headed by the Second Regiment band, after which a banquet was served to five hundred members in the Odd Fellows Temple, the ceremonies not concluding until 1 a.m. of Thursday.

### BIG BLUEGRASS FAIR.

The gates of the Big Bluegrass Fair will be thrown open at Lexington next Monday, September 17, and for six days and six nights the people of Lexington and Central Kentucky will be given the opportunity to attend what promises to be the biggest and the best fair ever held in the South. Although the Bluegrass Fair Association was not organized until in July, the management has been in the hands of such competent men that as great an exhibition is assured as could ordinarily be gotten together after six months of hard work. Over \$25,000 will be given away in premiums for the various classifications to be shown at the Fair. This is the largest amount ever offered by any fair association in Kentucky. It has been so divided as to cover fully the various divers interests with which the people of Central Kentucky are most particularly concerned. Handsome offerings are made for all classes of live stock and for all agricultural and horticultural products. In addition, the largest amount ever offered by a fair association in the South for poultry will be given and the premiums for women's work, table delicacies and other features of Floral Hall are unsurpassed in the annals of Kentucky fair history.

One of the greatest features of the fair will be the display of thoroughbred horses which will be the place on Saturday, September 22. Over \$5,000 is offered for this class of horses alone. Premiums from the owners of the large stock farms throughout Central Kentucky insure the largest and most valuable display of thoroughbred horses ever held in the world. It is well within the bounds of expectation to predict that more than two million dollars worth of thoroughbred horses will be exhibited that day. The cattle show will be the best ever seen at a Kentucky fair. The large amounts offered by the Bluegrass Fair Association have been liberally supplemented by offerings from the Shorthorn and Hereford Breeders' Associations. Dairy cattle have been in no sense

neglected and there are especially liberal provisions for Jersey cows.

The tobacco exhibit will be a feature of special interest. By the arrangements of classifications it is possible for one exhibitor to take over \$200 in first prizes alone. Cincinnati's Military Band, of Cincinnati Zoo, is it unanimously considered best of them all. Musical features of real interest and novelty will be provided. There will be high class free attractions in front of the grand stand both morning and afternoon of each day, and there will be some fifteen or twenty shows, each possessing some unusual feature and each getting away from the old hackneyed shows of the midway type. There will be a first class racing program each afternoon, with both harness and running races. Reduced rates have been secured on all railroads from every point in Kentucky. It will thus be possible to reach the Bluegrass Fair without difficulty and with little expense from all sections of the State. Every prospect indicates the most successful, the largest and the best fair ever held in the South.

### FIFTH STATE DEVELOPMENT CONVENTION.

Attention of leading farmers and business men of the State is not being attracted to the Fifth State Development Convention to be held at Winchester October 10, 11 and 12. The committee in charge of the arrangements at Winchester are working hard in preparing for it, and are enthusiastic over the prospect of an excellent program and a large attendance.

The program will include six business sessions. The Convention will be called to order at 1:30 p. m. Wednesday, October 10, and there will be an evening session that day. Thursday morning the delegates will go on an excursion to Beattyville, as the guests of the Winchester Commercial Club, where some of the Eastern Kentucky coal mines and lumber plants near there will be visited, lunch to be served by the citizens of Beattyville, and a short business session held. Returning to Winchester, an evening session will be held that day, and on Friday and Friday evening, the last day, three sessions will be held.

Senator William Lindsay, of New York, has accepted an invitation to act as chairman of the Convention.

A feature of much interest on the program is that of the roll call of counties. Seventy-two counties responded in the roll call at Louisville, and the committee expect to have more responses this year. Each county judge in the State has been asked to select

a man in this county to prepare a statement to be used on the roll call of counties, setting forth county statistics in answer to the following questions: 1. In what does your county excel? 2. What does your county need most? 3. What is its labor supply, and what wages does such labor command? 4. What factories and other industries have you? Give the capital employed, extent of business, number of employees, and amount paid in wages.

The information thus furnished to the Convention will be compiled and given wide publicity throughout the United States to attract Kentucky capital seeking investment.

This matter is one that should not be overlooked in this county. It is an excellent means of advertising our resources, and desirability as a location of such industries as we need, and of bringing before the public what we have and what we want. Men throughout the country who are seeking investment read the literature of such bodies as the State Development Convention, and a good strong statement from our county will be of much value to us.

We want other people to know us and to know what we have.

### CIRCUIT COURT.

Judge Robt. L. Stout opened the September term of circuit court on Monday morning. The grand jury was empaneled and sworn and is composed of the following gentlemen: J. B. Utterback, foreman; Geo. E. Gardner, Richard Sullivan, Elsie Tracey, Burge Moore, James Botkin, A. H. Tichenor, Henry M. Penn, D. B. Black, Robert Church, Jr., Clarence Hamilton, Zack Reed and Style Young.

### FACTS IN NATURE.

**Not Only Do We Get Inspiration From Nature, But Health As Well.**

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, who are subject to rheumatism, gout, toothache, etc., there is nothing like Nature's most valuable health giving agents to be found in forest plants and trees.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, New York, discovered in the Indianapolis medical journal, an extract of a root which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic diseases.

This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood, stimulates the digestive organs, improves the healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Therefore it weakens all forms of corporeal liver, oiliness, and kindred derangements.

If you have coated tongue, with bitter taste in the morning, and feel weak, tired, stiffened, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular stools, etc., and are alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, and you should take Milder's Discovery, which will correct more speedily and permanently than any other known agent.

Contains no alcohol or habit-forming drugs. All directions printed in plain English on wrap.

The sole motive for substitution is to prevent the dealer to make a little more profit. The American Arsenic Salve is a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative, two or three are cathartics.

### REDUCED RATES.

Reduced rates on all railroads in Kentucky are offered for the Big Blue Grass Fair, to be held at Lexington the week of September 17th to 22d. Special trains will be provided by the L. & N., the Q. & C., and the Southern railroads, reaching Lexington at a convenient hour in the morning and leaving late in the afternoon, so as to allow a good, long day at the Fair. Definite information about rates from any given point, can be had upon application to the ticket agent at that point or by writing Secretary Bain at Lexington. The management of the Fair is glad to supply all information for any who expect to attend, and it is no trouble for it to answer all necessary correspondence. The week of September 17th to 22d will be a gala week for Lexington and the Blue grass. There will be thousands of visitors from other sections of the State and hundreds from other States. The Fair will be well worthy of the patronage of all who attend.

### In Womanly Ailments and Weaknesses

Dr. Shoop's Night Cure Soothes, Heals and Cures while the Patient Sleeps.

The best remedy which physicians know for Womanly Weakness is composed of parts of a certain white lily. To this are added other remedies which draw out the poisons and heal the body. The secret of the success of this septic local application is known by druggists and physicians everywhere as Dr. Shoop's Night Cure. It cures every ailment the patient sleeps and the cure continues while he abates. The lives of many women are done. They never again feel the same. All this suffering is unnecessary. Dr. Shoop's Night Cure may be applied to the body while the patient sleeps. ## STAMPING GROUND.

Born—To Mr. Clarence Robinson and wife, September 7—a daughter.

Miss Ella Duvall has commenced teaching the Perry School.

Mr. Richard C. Head purchased of Dr. G. B. Brown ten shares of Citizens Bank stock at \$135 per share.

Mr. Jas. B. Sprake has gone to Iowa State University to accept a position as instructor in Mechanical and Electrical Engineering.

Dr. List and wife, of Covington, who have been visiting their parents, Capt. G. W. White and wife, have returned home.

The Buffalo Springs Academy will begin October 1. The Board of Trustees have employed Mr. James Donovan, as principal, and Miss Sue Viley and Mrs. C. T. Duvall as the assistants.

The old town seems to be waking up to a spirit of improvement. Several citizens and corporations are putting down concrete sidewalks in front of their property.

We were visited by a heavy wind and rain storm on Sunday morning last.

Mr. R. C. Head, formerly of this place, has resigned as cashier of the bank at Madison, Ind., and has moved to Louisville and accepted the assistant cashiership of the Commercial Trust Co.

We will soon have a new flour mill. A number of gentlemen have bought a lot of Capt. G. W. White, a short distance from town, on the Owenton pike, and will push the building at once.

Married—at the Christian Church, on September 5, Mr. Homer Robinson and Miss Bertha Devers were married by Rev. G. W. Hill.

Dr. Crutchfield is to read a paper on "Chronic Rheumatism" at the next meeting of the Scott County Medical Association, to be held December 6. UNO.

## IF WOMEN ONLY KNEW.

What a Heap of Happiness it Would Bring to Frankfort Homes.

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains come from sick kidneys,

To would save much needless woe.

Doan's Kidney Pills cure sick kidneys.

Frankfort people endorse this:

Mrs. T. Thornton, wife of T. Thornton, barter, of 533 Short St., says: "A constant dull aching pain across the small of my back caused by my kidneys, has annoyed me for years. On account of this, and from the fact that my back has been so weak, I have not been able to do any hard work about the house at all. There was a constant irritation from the kidney secretions and they were irregular, unnatural and sending. Doan's Kidney Pills were recommended to me so highly that I got a box at J. W. Gayle's drug store. They certainly helped me in every way. I felt better than I had for a long time, and I have no hesitancy in recommending Doan's Kidney Pills to any one suffering from kidney trouble of any kind."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets—the remedy that cures a cold in one day

A KENTUCKY CHRONICLE.

By John Thompson Gray.

Surely a more charming chronicle was never written. If style is not the man, at his best it is a characteristic expression of the man and in this romance one finds John Thompson Gray's wonderful

personality an integral thing, revealed yet illusive. Mr. Gray had an exquisite and unquenchable sense of humor; he was a wide reader of literature and an appreciative one; his power of observation was keen and well developed; he had sympathy with many forms and types of life; he had an aptitude for literary expression and the moral wholesomeness inseparable from all virile art. The combined force of these gifts made possible such a genial and delightful "chronicle."

In his material, too, Mr. Gray was fortunate. Or rather it would be better to say that in his life experience he was fortunate;

he was a pioneer in Kentucky.

He was born in Louisville in 1815,

and for eighty-seven years was

identified with the life of that city and its environs. He knew that life thoroughly and his account of it is tender and earnest.

He is a lover and he writes like a lover, with lingering touch, and over it all is the rosy-gray mist of memory. In this perspective men, women, events, motives, passions, etc., find their true places and valuation. "A Kentucky Chronicle" is more than a romance; it is a wisdom-book.

"Among the Virginia emigrants to the Falls was Reginald Thornton, a stately, kindly gentleman of the old school." Reginald Thornton establishes himself at Lastlands, a few miles from the Falls, and the life of his children, his grandchildren, their friends and enemies, their lovers and detractors and servants form the heart of the book. And these people, of all types and conditions and characters, are real and lovable; you are told what they do and anticipate what they are going to do because you care about them, not because it is "a story." And when, at the close, the chronicler finds at Lastlands "a broken shaft of white marble which marks the grave of the last son of the Thornton house brought home from a distant battle-field" you turn away with sincere regret. It is an invaluable and true cross-section of early Kentucky life and the State will treasure this record.

12mo cloth; handsome letter-press and binding. Price, postpaid, \$1.50.

### A McDougall Kitchen Cabinet

WILL save you hundreds of steps because everything you need in the preparation of a meal can be found in the cabinet without your going back and forth from the kitchen table to pantry and closet.

### A McDougall Kitchen Cabinet

takes the place of the kitchen table and gives you the same unabridged working service as the table—with a drop leaf at either end if desired.

Think of the convenience it would be to you in the preparation of a meal, to have all the food supplies, dishes, cooking utensils, hour glasses, salts, pepper boxes, etc., else within the instant reach of your hand without your leaving the room.

Think what it would mean to you in the saving of time as well as in the saving of steps. Think what it would mean to you when you came to make up your grocery order to be able to look through the cabinet and tell exactly what you need without looking in a dozen different places.

### INDIGESTION'S RECORD

The best remedy I can prescribe for your indigestion is Green's August Flower. I send you a few bottles for your physician to prescribe it regularly.

Indigestion is making an awful record as a cause of sudden death. It is destroying health in an insidious way.

Please read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This will be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or during their meals, they would not have fallen a prey to such sudden seizures.

August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

Two sizes, 25c and 75c. All druggists.
